

## **Haryana School Education CSR Meet 2025- Gurugram**

**26<sup>th</sup> September 2025**

INDIA Foundation represented and participated along with 400+ NGOs, CSR funding agencies, corporates, independent tech and education companies in the one day meet.

Dr. Vivek Agarwal, Director General Elementary Education, chaired the event and lead an insightful Q&A session that truly inspired all.

The overwhelming response, ideas, and discussions will help all shape a clear roadmap for effective CSR implementation in schools. Together, we aim to transform ideas into action through MoUs, partnerships, and strategic planning so that CSR agencies, NGOs, and the Department can collaborate effectively for meaningful educational outcomes.
